

# Invitation to the Mobile Learning Week Seminar Artificial Intelligence for Sustainable Development

The Department of Telecommunications and Postal Services working through the UNESCO Communications and Information (CI) Sector, is coordinating a seminar whose theme is Artificial Intelligence for Sustainable Development.

The event replicates the annual Mobile Learning Week which is organised by UNESCO and is coordinated taking into consideration South Africa's context of 4IR.

The seminar will take place at the University of Mpumalanga and will focus on the following sub-themes: **Threats and opportunities of Artificial Intelligence in Education, The upsurge of Artificial Intelligence - Is the SADC Region ready? and Jobs for Tomorrow - What is the influence of Artificial Intelligence?**

Date: **26 April 2019**

Time: **09:00 - 16:00**

Venue: **University of Mpumalanga,  
Nelspruit**

RSVP: Koketso Motsei. Email: [kmarokane@dtps.gov.za](mailto:kmarokane@dtps.gov.za)

Artificial Intelligence for  
Sustainable Development
